Today's demanding business environment requires that you get the best out of your laser printers. With *Resolution* toner cartridges, that's just what you'll get—crisp text, rich graphics, and *total* reliability.

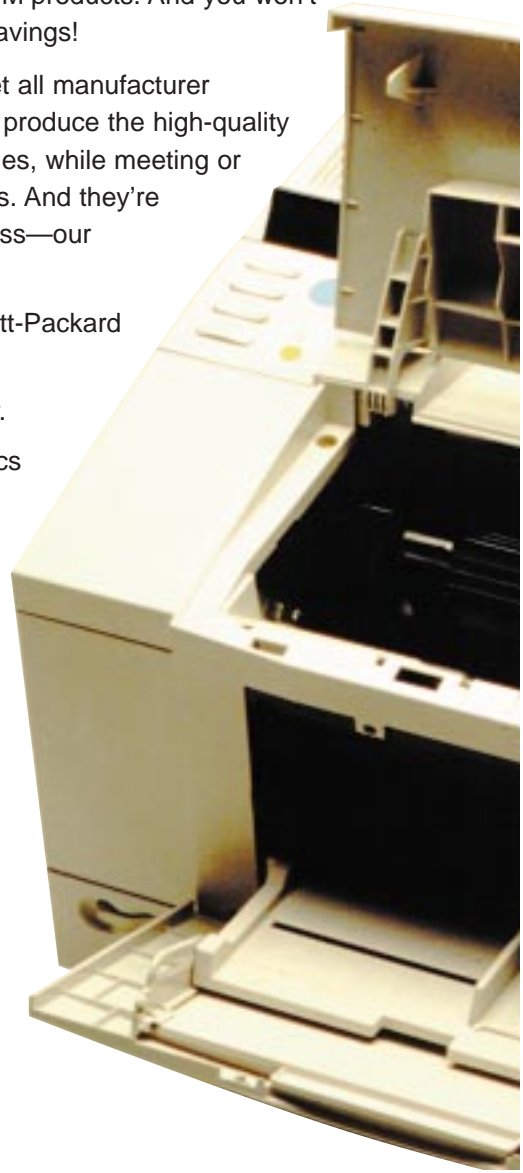

Whether your laser printers are brand-new or 10 years old, *Resolution* will give you the best results money can buy, at a very affordable price. In fact, using our premium-quality *Resolution* toner cartridges could cut your costs by up to 30% compared with OEM products. And you won't have to sacrifice print quality to get those savings!

OEM-compatible *Resolution* cartridges meet all manufacturer specifications for use in your printers. They produce the high-quality output you would expect from OEM cartridges, while meeting or exceeding life-expectancy for OEM products. And they're backed by the best guarantee in the business—our 100% "No Questions Asked" Guarantee.

- Up to 30% savings compared with Hewlett-Packard cartridges and other OEM brands.
- The best customer service in the industry.
- Crisp, clear text and great-looking graphics on every print.
- Backed by a full-service repair department.
- 100% "No Questions Asked" satisfaction guarantee.

"Now that we've switched to *Resolution* cartridges, we'll never purchase another brand. The quality of *Resolution* is terrific, but it's the personal service that makes the biggest difference."

*Elizabeth Platkin
Fairlane Consulting*

"*Resolution* toner cartridges are an outstanding value. We use them in all of our printers and get nothing but great-looking prints while saving money. I would recommend *Resolution* to anyone."

*George Doyle
Keifer, Doyle & Associates*

"We love *Resolution* toner cartridges. We now use them for our LaserJet 4 and 5Si printers. And while we've tried alternatives in the past, nothing worked as consistently as *Resolution*. Keep up the great work!"
